

**Sample Submission Instructions**  
**Milk Quality Improvement Program**  
**Cornell University**  
**Ithaca, NY**

**Sample Collection**

- Ensure that samples are taken as aseptically as possible in original packaging or sterile secondary packaging
- Sampling containers must be labeled with sample ID matching the ID provided on the sample submission form

**Sample Shipment**

- Pack sample with enough ice packs to ensure the sample will arrive below 6 ° C
- Include a temperature that is at least half the size of the sample container with shipment
- Ship overnight if possible, and no weekend arrival dates
- When sample is shipped please inform the lab and include a tracking number
